

BWF sideLIGHT sheet

## BWF sideLIGHT

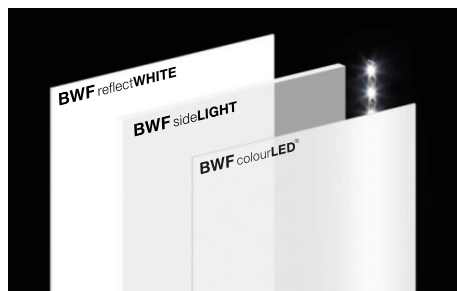

Homogeneous LED surface light with side-fed LED light

- application in flat lighting systems

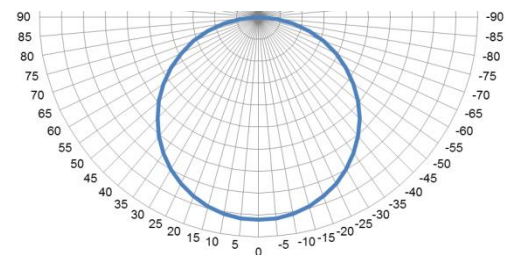

Use the 6 mm thick BWF sideLIGHT sheet in combination with:

- our highly reflective BWF reflectWHITE sheet for **high luminaire efficiency**
- our BWF colourLED<sup>®</sup> diffusor sheet 1mm for **very homogeneous light surfaces** or
- BWF diamondPRISM<sup>®</sup> for **ideal, glare-free light** due to the excellent properties of our microprismatic sheet
